

> CORONAVIRUS: preventive measures on the building site

- > **Follow the general instructions from the government and your internal/external prevention services**
- > **Stay at home if you feel ill**
- > **Maintain social distancing and avoid physical contact**
 - When moving around the site
 - At meetings and toolbox meetings
 - During the breaks
 - Work in small groups
- > **Pay attention to hygiene**
 - Wash your hands thoroughly
 - Clean and disinfect the washroom facilities (toilets, washbasins, etc.)
- > **Equipment and PPS**
 - Use PPE such as masks and gloves correctly
 - Use your own tools – do not pass tools on
 - Disinfect the handles of shared tools
- > **Ventilation**
 - Work and take breaks in the open air wherever possible
 - Ventilate – in site buses and site sheds
